Azure DevOps CI/CD pipelines

Docker Git Serilog

NUnit

FRONT-END & DESIGN

Kendo UI Telerik UI

Knockout.js jQuery UML

Adobe XD

EVERYDAY AI

Claude Code Code review

Test generation Refactoring

.NET back-end developer with over **11 years of experience** designing tailor-made web solutions: analysis, UML modeling, development, testing, CI/CD and deployment. Strong expertise in the **insurance**, **banking** and **e-commerce** industries. I combine team leadership with hands-on development, with particular attention to **data security** and a practice of **AI-assisted development** backed by rigorous human review.

PROFESSIONAL EXPERIENCE

Production Manager & .NET Back-end Developer

Jan. 2023 – Present
